

Standard Measure - 2017

STABIL

TECNOPOLIMERI

All tubes are produced with **HCM** production process and **annealed** before delivery. Every single tube come with **unique ID** that allow you and us to identify all the traceability behind that tube. Thank to this feature you can always keep track of every step, starting from the raw materials up to the annealing process.

This list contains standard measures that we can produce within 4 weeks. For any other measure, please ask us; we'll glad to inform you about the price to build a new mould in order to produce the tubes you need.

Measure	Price
OD* x ID* x h	
44 x 28 x 150	Upon request
73 x 34 x 150	Upon request
73 x 44 x 150	Upon request
73 x 48 x 150	Upon request
73 x 56 x 150	Upon request
83 x 34 x 150	Upon request
83 x 43 x 150	Upon request
83 x 54 x 150	Upon request
83 x 56 x 150	Upon request
93 x 34 x 150	Upon request
